JOIN OUR NATIONALLY RECOGNIZED CRITICAL CARE MEDICINE DEPARTMENT AT THE NATIONAL INSTITUTES OF HEALTH

The National Institutes of Health is seeking individuals who desire a challenging future in Critical Care Medicine. NIH provides a progressive career ladder for individuals with experience in Respiratory Therapy. A structured orientation program with cross training in Cardiology, Pulmonary Technology, Stat Lab Procedures, Data Processing, and Clinical Research is available.

In Critical Care Medicine, weekly in-service classes and supervisory one-on-one instruction, provide for constant clinical practice updates, and daily physician teaching patient rounds.

Duties in our Intensive Care Unit will include: ventilator management, arterial punctures, blood gas analysis, pulmonary physiotherapy, CPR, bronchoscopy, fluoroscopy, A-lines, Swan-Ganz catheters, cardiac output, hemodynamic monitoring, non-invasive studies, heart catheterizations, and data processing.

We are interested in individuals with experience in Respiratory Therapy Critical Care who wish to become an integral member of our Critical Care Team. Salary is commensurate with experience and qualifications.

U.S. Citizenship required.

Contact Ms. Cynthia Godwin, (301) 496-9617, for information or submit SF-171 and performance appraisal to:

National Institutes of Health
Clinical Center/Critical Care Medicine Department
Building 10, Room 10D48
9000 Rockville Pike
Bethesda, Maryland 20205
ATTN: Ms. Cynthia Godwin

AN EQUAL OPPORTUNITY EMPLOYER

The $50 you pay for AART Membership dues

gets you $156.17 in benefits.

A 300% return on investment.
Join or renew your membership today.

American Association for Respiratory Therapy
1720 Regal Row, Suite 112, Dallas, Texas 75235
